Your space, **your way**

With flexible individual rear seats, the Multivan PA can adapt to passengers, luggage and changing plans.

Move, reposition or remove the rear seats to create the layout your journey calls for, whether you are bringing everyone along or making room for more.

Lie back, relax and **admire the view**

Enjoy the sky above like never before thanks to the panoramic sunroof. Optional on Life and Style models, this impressive sunroof measures nearly $2m^2$. A low emissivity coating helps to reduce light and heat transmission, while creating a well-lit, airy passenger compartment, letting in natural light. What better way to enjoy a sunlit day or starry night?

Image shown is for illustrative purposes only.

Flexible in more ways than one

The innovative multifunction table can be moved between the different seating rows using the central track or positioned between the front seats as a practical centre console.

With adjustable height, three integrated cup holders and a useful storage compartment, it is ideal for working on the move, taking a break or keeping passengers entertained on longer journeys.

Driving just got smarter

Designed for those who appreciate style and innovation, theMultivan PA's spacious interior features intuitive controls, upgraded technology and a refreshed cockpit, with an emphasis on comfort and ease of use.

Features include a new freestanding 12.9-inch infotainment display, Digital Cockpit Pro and illuminated touch sliders for volume and temperature.

Wireless smartphone charging has increased to 25W, while six faster-charging USB-C ports help keep devices powered throughout the vehicle.

Depending on which model you choose, the Easy Open side doors and tailgate and five rear seats that can be easily removed for more luggage space, allow easy access and plenty of rear room. The 840 watt sound system by audio specialist 'Harman Kardon' ensures a relaxed driving experience with exceptional acoustics, while LED ambient lighting with a choice of 30 different colours, lets you create just the right atmosphere for the occasion.

VW Connect

Your Volkswagen is online whenever you need it, ready to take advantage of the extensive connectivity services offered by VW Connect[1].
