Door Wind Deflector.

The door wind deflector for the front side vehicle doors enables optimal ventilation of the vehicle interior, thus contributing to your driving comfort. It improves the interior climate and allows you to enjoy circulating fresh air even when it is raining or snowing. When the sun is shining, unpleasant heat buildup is prevented in the vehicle interior when the windows are opened to slightly above the lower edge of the wind deflector.

App-Connect.

App Connect –Innovative technologies that allow you to bring smartphone apps onto your infotainment system's touch-screen: the new CarPlay™ function from Apple, and the Android Auto™ function from Google. APPLE CARPLAY™ from Apple, you can manage selected apps from your iPhone while on the move. The apps can be operated with all the ease that you'll have come to expect from an iPhone. Maps, phone, news, music – everything just at the touch of a button. And if you choose, you can even operate the system by voice control. As well as the apps from Apple™, CarPlay™ supports other apps such as Spotify, Stitcher, & Skype. ANDROID AUTO™ from Google enables you to operate suitable apps safely from your smartphone using the Android operating system while driving. With Google Voice, you operate everything by voice input, and you can listen to songs using Google Play Music, Pandora or Spotify, for example. Many other apps are also already supported. As well as the apps from Google™, Android Auto™ supports other apps such as Joyride, Podcast Player, Spotify, Stitcher, Umano, and Pocket Cast.
