- » Remote/Virtual Home Check and if necessary Physical On-Site Home Check
- » Up to two wall openings
- » Up to 15 m cabling from fuse box to ID. Charger
- » Residual current and wiring protection
- » Installation and commissioning

Installation Package Benefits

- » Comprehensive Installation package and ID. Charger from one supplier
- » Professional and Safe Electric Registered Electrical Contractor (REC)
- » Installation of fuses recommended by law
- » 24-month guarantee on the Installation
- » Seamless on-site and after sales support

¹The customer should apply for the SEAI grant before ordering the ID. Charger. Please see www.seai.ie for further information.

²Our standard installation package does not include a Dynamic Load Management solution. Whether this is required will be jointly evaluated during the remote home check with the installation provider. Homes with other large power consumers such as electric shower or heat pump need this solution to manage the total house load. In case it is needed, our installation partner will offer it directly to you for approximately €240.

³For eligible private and commercial customers, SEAI offer an EV Home Charger Grant of €600, see www.seai.ie for further information.

⁴Optional add-on €215
