* The power available will depend upon individual driving behaviour and other non-technical factors, however the maximum power for this vehicle requires in particular a temperature of the high voltage battery between 23-50 degrees Celsius and a battery state of charge greater than 88%. However, in order to preserve the usable capacity of the battery as much as possible, it is recommended to set a charging target of 80% for daily operation and use (which can be switched to 100% before long distance journeys for example).

¹This vehicle is a WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicle. More information is available at <https://www.volkswagenans.ie/en/wltp-info.html>.

²Net to energy amount.

³The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (kWh/100km) and CO₂ emissions and are correct at the time of print. The above values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (kWh/100km) and achievable range. WLTP range values for standard vehicles may vary depending on equipment. In practice, the actual range varies depending on driving style, speed, use of convenience/auxiliary equipment, outside temperature, number of passengers/additional load, and topography. To discover exact values please configure your desired vehicle at <https://www.volkswagenans.ie/en/configurator.html>. You can discover more about the WLTP at <https://www.volkswagenans.ie/en/wltp-info.html>

⁵All prices (Retail, Delivery and ROTR) are recommended by Volkswagen Ireland and are inclusive of VAT. €1,300 includes optional 'S Pack' ID. Service Plan which can be removed upon request. Delivery charge with Service Plan removed is €1,016. 'S Pack' ID. Service Plan includes one service, with pollen filter and brake fluid replacement.

⁶Recommended 'On the Road' Retail price.

VRT Bands and rate of Annual Motor Tax are valid as of 1st January 2022 and calculated from the base model WLTP values. All vehicles with TBC are subject to EU type approval and with that were not available at time of going to print.

Volkswagen Commercial Vehicles Ireland may change RRP's at any time (this includes where there are changes in government regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Volkswagen retailer.

In accordance with (EU) 2020/740 ("Tire Labeling Regulation"), please visit <https://www.volkswagenans.ie/en/configurator.html> for details relating to the tyres applicable to said vehicles.

Please note every effort has been made to ensure the contents of this publication (including RRP, CO₂, fuel consumption and technical information) were accurate and up-to-date at the time of going to print 1st January 2024. Volkswagen Commercial Vehicles Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alternations will be notified to Volkswagen Retailers at the earliest opportunity. Please consult your local Authorised Volkswagen retailer for the latest product information.
