

Commercial
Vehicles

The Crafter Brochure

Volkswagen Commercial Vehicles' Van Centres. **Working with you.**

It's more than a van to you.

You're more than a customer to us.

We know that when you choose Volkswagen Commercial Vehicles, you're looking for more than just four walls on four wheels. You want a van that looks after itself while you take care of business. A vehicle that makes a statement, as well as a delivery. An investment for the future that makes a difference today.

To us, you're a partner.

By being there to get to know how you work and what you need, we can offer you more – supporting your plans year after year. It means a partnership that lasts as long as your ownership, with a vehicle and a team that's with you for the journey.

Our dedicated network of Van Centres.

Over **20 Dealerships** and **41 Authorised Repairers** means you're only around 45 minutes on average from our door.

Everything for the job... ...and the journey.

The right van.

We're commercial vehicle experts and finding the right van for your business is what makes us tick. We'll guide you through the range, take you on a test drive and cover all the options.

The right accessories.

From mudflaps to sat navs, plying to roof racks, we'll work with you to create the perfect van – keeping everything 100% Volkswagen to aid high residuals.

The right finance.

Every business is different, so we stay flexible, with a range of finance packages to choose from. Depending on your preference, we'll go through the options to find the one that suits you best.

The right support.

Nothing matters more than keeping you mobile, so our servicing options are built around you. You'll also enjoy three-years' free Roadside Assistance with your new van.

The right service.

We understand it's the little things that make the difference, so we set high standards. We'll call you when we say, keep you informed on delivery dates and support you long after purchase.

And there's more...

We offer a lot more than you might think. From cost-effective van rental or an air conditioning recharge, to a wide selection of premium and budget replacement tyres, if we're not able to help, we'll try and point you in the right direction!

Crafted by you. Engineered by us.

More practical, economical and innovative than ever before. The Crafter panel van is a commercial vehicle like no other. Designed by our customers for our customers. Built from the ground up, using 100% Volkswagen DNA as a cost-effective, transport-oriented solution to meet the demands of a diverse range of businesses. The Crafter panel van represents state-of-the-art manufacturing, with the sole aim of making it the best commercial vehicle in its class.

Ready for the toughest jobs.

- Robust design, technologies and driver assistance systems.
- More practical, economical, and innovative than ever before.
- Outstanding in its class.

The perfect workplace.

- Available with an ergoComfort/ergoActive suspension seat*
- A variety of storage solutions with a wide range of different ports and connections
- Available with a heated leather multi-function steering wheel*
- Available with a 230V socket (300w)*

Excellent loadability.

- High load compartment of up to 2,196mm
- Wide side sliding door with an opening width of 1,311mm
- LED load compartment lighting*
- 100mm lower loading sill ²
- Up to 18.4m load volume ¹

A choice of drive systems.

- Front wheel drive delivers the highest possible load compartment
- The first van to offer an 8-speed automatic gearbox with a choice of front wheel, rear wheel and 4MOTION all-wheel drive

Value for money.

- High residual value
- Low fuel consumption
- Low maintenance costs

Superb connectivity.

- Telematics preparation including FMS 3.0 compatibility*
- Customer-specific function control unit (for special bodies and conversions)*
- Car-Net mobile online services*

Load securing options.

- Available with an optional universal floor*
- Load compartment designed for the addition of flexible shelving systems
- Interior roof rack*
- Up to 14 load-lashing rings

Numerous driver assistance and safety systems.

- The first with City Emergency Braking and Automatic Post-Collision Braking as standard
- Electromechanical Servotronic steering as standard
- Side protection*
- Lane Keeping Assist*
- Rear Traffic Alert*
- Trailer Assist*
- Park Assist*
- LED headlights*

* Available as an option. 1 Will be introduced at a later date. 2 Figure applies to the Crafter panel van with front wheel drive, compared to rear wheel drive and 4MOTION all-wheel drive. Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

The perfect workplace.

Delivering storage, comfort and technology.

Storage and carrying compartments.

- A Practical open storage compartments, consisting of three separate spaces
- B Multiple sturdy cup holders
- C Largest glovebox in its class
- D Lower dashboard tray with space for longer items
- E Storage in the doors for 1.5 litre bottles, folders and much more. Optional above-cab storage

Ports and connections.

- F Standard USB port for charging mobile devices
- G Standard Bluetooth® connection for mobile phones in conjunction with all radio and navigation devices
- H Multiple 12V sockets. Optional 230V socket for charging tool batteries and laptops (not shown)

Comfort.

- I Optional heated leather multi-function steering wheel
- J Narrow 'A' pillars for improved all-round vision

The ergoComfort suspension seats. Adjustable for a more comfortable driving position.

The optional ergoComfort and ergoActive suspension seats with 20-way adjustment are designed to deliver optimum comfort through the reduction of road-related jolts. The combination of electric and manual adjustment allows the driver to select their preferred seating position. In addition, should you desire, the massage function is also available for the ergoActive suspension seat only.

The ergoComfort suspension seat.

- A Suspension seat with weight adjustment
- B Longitudinal seat adjustment
- C Seat height adjustment
- D Seat depth adjustment
- E Seat tilt adjustment
- F Backrest adjustment
- G Electric 4-way lumbar support
- H Headrest adjustment
- I Armrest adjustment

The ergoActive suspension seat.

- J Seat massage function*

* This feature is in addition to the standard features of the ergoComfort seat.

Two optional large storage compartments in the roof shelf.

A wide range of drive systems.

The Crafter panel van – available with an 8-speed automatic gearbox and a choice of three different drive systems.

The 8-speed automatic transmission is the only one in its class that can be combined with three different drive systems. It has been specially calibrated for the Crafter panel van's specific driving characteristics, enabling both comfortable and consumption-optimised handling.

Front wheel drive.

100mm lower load sill and entry height.
Highest load height in class.
Highest payload in the range.

Transversely-mounted front engine.

Rear wheel drive.

High towing capacity up to 3.5t.
Gross train weight of up to 8.0t.
Better traction with heavy loads.

Longitudinally-mounted front engine.

4MOTION all-wheel drive.

Dependable traction and control.
Improved directional stability.

Transversely-mounted front engine.

140HP engine	6-speed manual gearbox
	8-speed automatic gearbox
177HP engine	6-speed manual gearbox
	8-speed automatic gearbox

	8-speed automatic gearbox

State-of-the-art
driver assistance and safety systems.

Illustration includes options at extra charge.
Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Crosswind Assist.

As part of the Electronic Stabilisation Programme (ESP), the standard Crosswind Assist applies adaptive braking intervention when the vehicle encounters a strong crosswind.

Front Assist with City Emergency Braking System.

Standard on the Grand California, this detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification.

01 Automatic Post-Collision Braking System.

02 Adaptive Cruise Control (ACC).

03 Lane Keeping Assist.

04 Rear Traffic Alert.

05 Park Assist.

06 Light Assist.

01 Automatic Post-Collision Braking System.
Fitted as standard, the Automatic Post-Collision Braking System triggers braking after a collision, with the aim of preventing secondary collisions.

02 Adaptive Cruise Control (ACC).
Optional ACC uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

Side protection (not illustrated).
Available as an option, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

03 Lane Keeping Assist.¹
Available as an option, Lane Keeping Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

04 Rear Traffic Alert.
Available as an option, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is getting too close. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

05 Park Assist.
This useful option aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the accelerator and brake pedals, whilst keeping a good lookout.

06 Light Assist high-beam assistant.
This practical option automatically dips the headlights when it detects oncoming vehicles, or vehicles travelling ahead, to prevent other drivers from becoming dazzled. The system automatically switches on the high-beam headlights when the vehicle is travelling above 37mph in darkness.

¹ Within the system's thresholds. Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification.

Electromechanical Servotronic steering.
Fitted as standard, Electromechanical Servotronic steering provides a speed-sensitive operation with active return. This improves the steering feel around the mid-point, providing improved levels of steering precision.

Electronic Stabilisation Programme (ESP).
Fitted as standard, ESP is designed to prevent the vehicle from swerving in critical driving conditions by controlled and targeted intervention in the brakes and engine management system. This helps to maximise directional stability.

Rear-view camera. ¹
Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio or navigation system. Additional guidelines help the driver manoeuvre into the space. Optional on all models.

Cruise control.
At 18mph and above, the system maintains your chosen preset speed through uphill and downhill inclines. Standard on all models.

Tyre pressure monitoring system. ¹
Displays the current pressure for every tyre and warns of deviations from the set pressure. Optional on all models.

Driver Alert System. ¹
Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates tiredness. Standard on all models.

Road Sign Display.
Detects road signs and informs the driver about the current traffic situation. Optional on all models.

Fog lights with cornering function.
Ensures optimum visibility in poor weather conditions and illuminates the roadside when turning. Standard on all models.

Hill Descent Assist. ²
Allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

Hill Start Assist.
This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. Standard on all models.

Lane Change Assist – Side Scan. ¹
Side Scan displays a warning signal on the exterior mirror as soon as one of its sensors detects a vehicle in a blind spot during a lane change. Optional on all models.

Anti-lock braking system (ABS). ¹
Prevents wheels from locking up and, thus, maintains manoeuvrability. Standard on all models.

Traction control system (ASR).
Prevents wheelspin on poor or unstable surfaces.

Driver's and front passenger's airbags.
Provides the best possible protection in the event of a frontal impact as a standard feature. Side airbags are also available as an option.

Seat belt warning.
If their seat belt is not fastened, the seat belt warning reminds the driver to fasten it with a visual warning when the engine is started, and an audible warning after setting off. Standard on all models.

Crafter

¹ Within the system's thresholds.

Illustration includes options at extra cost. Please contact your local Volkswagen Commercial VehiclesCentre for details of the standard equipment and optional extras available.

The Crafter panel van.

The Crafter panel van is distinguished by having even better loadability and load securing than ever before. The dimensions are ideal for transporting Euro pallets and roll containers. The factory-fitted preparation for shelves and cupboards, the optional universal floor and the optional internal roof rack combine to create even greater flexibility in the load compartment.

Highlights of the Crafter panel van

- Lowest aerodynamic drag in its class
- Largest load compartment height of up to 2,196mm¹
- Largest side loading and opening width of 1,311mm via the sliding door

1 Value applies to the Crafter panel van with long wheelbase Maxi, super-high roof and front-wheel drive.

2 In comparison to rear-wheel drive and 4MOTION all-wheel drive.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

01 Rear wing doors. The two roof-height doors provide an opening angle of 180°. On Trendline models the standard rear wing doors are extended to an increased opening of 270°. The 270° rear wing doors are available as an option on Startline models.

02 Wooden floor.² This 8mm thick wooden floor for the load compartment provides the optimum surface for your cargo to rest on. Robust beechwood ensures outstanding sturdiness and resilience. Standard on Trendline and Highline (optional on Startline models.)

03 Universal floor.^{1,2} This wooden floor is the ideal basis for retrofitting the shelving and cupboard systems available from a range of manufacturers. Special adapters enable cupboard systems to be easily fastened using the notches. Longitudinal and transverse load-lashing rails are available as an option for the universal floor.

Storage pockets for the rear wing doors (not shown).¹ The removable storage pockets provide a safe and handy storage option for small tools.

Protective grilles for the rear wing doors (not shown).¹ These protect the rear windows against glass breakage and also help to prevent theft.

Up to 14 load-lashing rings (not shown). The Crafter panel van features two additional load-lashing rings on the partition allowing you to securely fasten cargo with tensioning straps and nets. The adjustable load-lashing rings are recessed to lie flush with the floor. To reduce the risk of being a trip hazard, they can also be folded to the sides in the vicinity of the doors.

Preparation for shelving systems (not shown). There are numerous holes for M6 bolts above and below the window area that simplify installation. The holes are spaced 100mm intervals.

Innovative load compartments

- Preparation for shelving systems
- Available with a sturdy, hard-wearing beechwood floor
Standard on Trendline and optional on Startline models
- Up to 14 high-strength, retractable load-lashing rings

¹ Optional at extra cost. ² Will be introduced at a later date.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

01 Bulkhead – full-height without window. A roof compartment above the driver's cabin is available upon request for the high roof variant and is a standard feature with the super-high roof.

02 Half-height plywood side lining.¹ The load compartment cladding made of 5mm thick rigid plywood panels is especially robust. It is fitted from the floor up to the load-lashing rails and is also highly durable.

03 Storage boxes above the wheel housings.¹ Fitted above both wheel housings in the load compartment and provide space for tools, high visibility vests, gloves, etc.

04 Roof-height plywood side lining.¹ 5mm thick rigid plywood panels make this side cladding especially resistant to impacts and is also highly durable.

05 Load-lashing rails.¹ Robust metal rails are available for the side walls, the bulkhead, the roof frame and universal floor for optimum load securing.

Solutions for partitioning, securing and working

- Optional internal roof rack for long objects
- Also available with optional load-lashing rails on the side walls, partitions and also on the roof

06 Internal roof rack.¹ Enables easy transport of long objects. The two rails can be moved within the vehicle and adjusted to the length of the objects. They can also be removed when the roof rack is not needed.

230V socket, external and internal (not shown).¹ The 230V external CEE socket provides the interior of the vehicle with an electricity supply of up to 2500W (16A) via a socket in the load compartment. This enables electrical equipment to be used inside the vehicle. The scope of delivery also includes a circuit breaker and a charger for the vehicle battery.

07 LED load compartment lighting.¹ Four LEDs integrated into the headlining provide bright and evenly distributed illumination of the load compartment.

12V sockets (not shown).¹ A 12V socket is integrated into an accessible location on the D-pillar of the rear wing door and on the sliding door.

¹ Optional at extra cost.

Illustration includes options at extra charge. Please contact your local Volkswagen Commercial Vehicles Van Centre for details of the standard equipment and optional extras available.

Easy to load. Loads of space.

Side sliding door with 1,311mm opening width. Easy to load and unload with common load carriers such as Euro pallets.

High load compartment with up to 2,196mm.¹ In conjunction with front wheel drive, the Crafter panel van offers a competitive load height for its class.

100mm lower load sill. Compared to the rear wheel drive and 4MOTION all-wheel drive, the front wheel drive further simplifies loading and unloading thanks to its lower load sill.

Universal floor for fitting third-party storage systems.⁵

The optional wooden floor is the ideal base for fitting your choice of storage system from a range of manufacturers. Special adapters for the notches in the floor deliver the flexibility to add or remove items with ease.

Preparation for shelving systems. Numerous hexagonal holes for M6 screw fittings are located every 100mm within the load area, simplifying the mounting of shelves and storage units.

Wheel Base	Medium	Long	Maxi
Load Dimensions	Length: 3,450mm Width: 1,832mm	Length: 4,300mm Width: 1,832mm	Length: 4,855mm Width: 1,832mm
Load Volume	9.9m ² -11.3m ²	14.4m ² -16.1m ²	16.4m ² -18.4m ²

¹Not available with a low roof. ³ Not available in conjunction with a super-high roof. ² Optional at extra cost.

Crafter panel van Startline

Standard Equipment

Exterior

- Cab doors with power windows
- Exhaust tailpipe extruding at vehicle center
- Fuel tank filter secured by locking passenger door
- Towing eye front and rear
- Rear wing doors
- Side marker lights on Long & Maxi models
- Left sliding door in load compartment
- Side wind compensation
- 75-litre lockable fuel tank

Cab Area

- "Austin" cloth upholstery
- Heat insulated windshield made of laminated glass
- Convenient storage compartments
- Interior lighting in passenger compartment
- Internal steps in passenger compartment
- Bulkhead without window
- Rubber floor covering in cab
- Drivers seat with reach and rake adjustments
- Dual passenger seat with storage
- Electric front windows
- 12v sockets x2
- Two reading lights

Audio & Communications

- Mobile phone interface
- "Composition Audio" - Bluetooth
- Radio FM/AM

Safety & Security

- Anti-lock Braking System (ABS)
- Brake assist
- Electronic Brake-Force Distributions (EBD)
- Electronic Differential Lock (EDL)
- Electronic stabilisation programme (ESP)
- Height-adjustable head restraints
- Hill start assist
- Remote Central Locking with interior locking

Cargo Area

- Interior entry step
- Lashing rings for load compartments
- Rear door interior release lever
- Steel flooring
- Door activated interior lights

All-weather tyres	VG1
Front axle - heavy duty (2,200kg load)	VV8

Please note: Option Availability is subject to change. Additional options may be fored when particular combinations are selected. The above is used solely as a guideline. Please contact you local Volkswagen Commercial authorised dealership for pricing and product information.

Optional Equipment Highline

Description	Pr Code
"ErgoActive" Suspended Driver Seat	3SK
ergoComfort drivers seat	3SP
17" Lismore alloy wheel 7J x 17	PR7
DAB+ Digital Radio Reception	QV3
Navigation System "Discover Media" with Multi-Function Display Plus	Z44
Overhead Cab Storage, Access through Load Compartment	7N4
LED headlights with separate LED daytime running lights	8IT
Lights and Vision pack B	ZLS
Adaptive cruise control including speed limiter	8T7
Blind spot monitor	7Y8
Driver Assistance pack C includes Lane Keeping Assist, Lane Change Assist with Rear Traffic Alert	7Y9
Front Assist including city emergency braking system for adaptive cruise control (ACC)	6K3
Front Assist including city emergency braking system without Adaptive Cruise Control	6K2
Park Distance Control Front & Rear with Sensor-based Side Protection	9X0
Road sign display	QR9
Trailer Assist and Park Distance Control in front and rear with active Side Protection	9X2
Trailer Maneuvering System, Trailer Assist, Park Assist and PDC with Sensor-based Side Protection	9X3
Side marker lights	8F1
Side Sliding door - drivers side	5R2
Heavy-duty suspension system and shock absorption, heavy-duty stabilizers	2MG
Standard suspension/shock absorption	2MF
Upgraded suspension/shock absorption in front and rear	1BJ
Load side lining - plywood full height	5DU
Digital Tacograph (Smart TACO)	9NI
Airbag - driver's and passenger's airbag with front passenger's airbag deactivation	4UF

Description	Pr Code
Anti-theft alarm with back-up horn, interior monitoring and tow-away protection	7AQ
Rear wing doors with windows	ZHF
Privacy glass - passenger compartment	QL5
3-point seat belt in front with electric seat belt pretensioner	3QN
Second AGM battery with cut-off relay 92Ah 520A	8FB
Differential lock	1Y4
Cab doors, with additional heavy-duty door hinges on driver side	OD3
Acoustic warning when reverse gear is engaged	IL1
Stationary regeneration	9HC
Wing mirrors: heated, power adjustable and power folding	6XP
First aid kit and warning triangle	1T3
First aid kit with warning triangle and safety vest	1T9
Warning light, warning triangle and first aid kit	1T6
Warning triangle	1T8
Forced CFCU	IS4
Terminal block W/o customer-specific function control module (KFG), with terminal	IS1
Load floor cover - wooden	5BD
Universal floor covering with longitudinal lashing rails	YDA
Universal floor covering with transverse lashing rails	YDH
Increased fuel factory fill (23 l)	1Z2
Hill start assist/hill descent control	UG5

Optional Equipment Highline

Description	Pr Code
Step illumination - with on/off control	9N2
Without heat exchanger for transmissions	IHO
Mud flaps - front & rear	6N2
Bulkhead - deleted	ZT0
Bulkhead - full height with lining without window	3CS
Bulkhead - full height with lining and fixed window	3CP
Bulkhead - full height with lining and sliding window	5WA
Bulkhead - full height with sliding window	3CH
Bulkhead - full height with window	3CG
Preparation for partition between B-pillars	5WB
Heated rear window with rear wiper	4HS
Heated windows in rear wing doors	4HH
2 longitudinal lashing rails on the outside under the roof	YDM
Roof rack in load compartment, two movable bars, max. load 50 kg each	YDG
Ladder bracket for roof rack	YBC
Roof rack - 3 moveable racks on the roof rail system	YBB
Roof rails for roof rack	YBA
High roof painted in body color	3R2
Heated driver and front passenger seats	4A3
Seat Trims "Memphis" Fabric	N2C
Seat Trims "Mesh" Leatherette	N0C
Seat Trims "Robusta" Fabric	N1C
Smokers package: 12-V outlet with cigarette lighter, ashtray, and 2 beverage holders in dashboard	9JC

Description	Pr Code
12V outlets in cab/load compartment (one at the C-pillar and one at the D-pillar)	7B3
With plug socket(s) in front	EU4
Rear step in rear bumper full width	QT4
Rear step in rear bumper half width	QT9
Towbar - fixed	1D1
Towbar - preparation with bracket socket and cable	1D8
Towbar - preparation with socket	1D7
Towbar - removable ball	1D2
All-weather tyres	VG1
Front axle - heavy duty (2,200kg load)	VV8

Please note: Option Availability is subject to change. Additional options may be fored when particular combinations are selected. The above is used solely as a guideline. Please contact you local Volkswagen Commercial authorised dealership for pricing and product information.

Panel van dimensions

CR30/35 medium wheelbase

Roof height		Low ¹	High ¹
Wheelbase		3,640	3,640
Load compartment	length, mm	3,450/3,201**	3,450/3,201**
	width, mm	1,832	1,832
	width between wheel arches, mm	1,380	1,380
	height, mm (FWD/RWD & 4MOTION)	1,726/1,626	1,961/1,861
	load volume, m ³ (FWD/RWD & 4MOTION)	9.9/9.3	10.7/9.3
Side sliding door	width, mm	1,311	1,311
	height, mm	1,587	1,722
Rear wing doors	width, mm	1,552	1,552
	height, mm	1,605	1,740
Turning circle (wall to wall), m		13.6	13.6

Illustration shown is CR35 medium wheelbase panel van with high roof.
^{*} This value applies for RWD & 4MOTION all-wheel drive.
^{**} Load compartment length, max. (at floor level)/load compartment length, min.

All dimensions in millimetres (mm), unless otherwise stated.

¹ CR30 and CR35: RWD & 4MOTION derivatives have a lower internal load height due to a raised floor (by 100mm).

CR35 long wheelbase

Roof height		High ¹ (standard)	Super-high ¹ (optional)
Wheelbase		4,490	4,490
Load compartment	length, mm	4,300/4,051**	4,300/4,051**
	width, mm	1,832	1,832
	width between wheel arches, mm	1,380	1,380
	height, mm (FWD/RWD & 4MOTION)	1,961/1,861	2,189/2,089
	load volume, m ³ (FWD/RWD & 4MOTION)	14.4/13.6	16.1/15.3
Side sliding door	width, mm	1,311	1,311
	height, mm	1,822	1,822
Rear wing doors	width, mm	1,552	1,552
	height, mm	1,840	1,840
Turning circle (wall to wall), m		16.2	16.2

Illustration shown is CR35 long wheelbase panel van with high roof.
^{*} On high roof models, this value applies for RWD & 4MOTION all-wheel drive and rear-wheel drive.
^{*} On super-high roof models, this value applies for RWD & 4MOTION all-wheel drive only.
^{**} Load compartment length, max. (at floor level)/load compartment length, min.

All dimensions in millimetres (mm), unless otherwise stated.

¹ CR35: RWD & 4MOTION derivatives have a lower internal load height due to a raised floor (by 100mm).

Please note: all measurements listed are based on series vehicles. The loading sill and height dimensions listed here may vary by approximately ±50 mm depending on the equipment fitted and load. The vehicle drawings are not to scale.

Panel van dimensions

Panel van accessories

Floor Mats.

The Volkswagen Genuine all-weather mats protect your vehicle interior from dirt and moisture. They are designed to fit perfectly, are easy to clean and have a non-slip underside. One particular visual highlight is the modern design of the floor mats. It helps them blend in seamlessly with the interior of the Crafter. The floor mats are also 100% recyclable, very sturdy and durable. The material allows the Genuine all-weather floor mats to be considerably lighter than standard floor mats.

Part Number 7C2061502A 82V

€58.81

Angle Supports.

The Volkswagen Original angle supports are especially suited to safe and stable transport of long objects. For example, using the high angle, wood boards can be clamped securely on the base roof bars or the luggage rack.

Part number 2E0 071 191

€64.30

Roof Bar/ Roof Bar Set.

The Volkswagen roof bars serve as the ideal base system for all attachments. The roof bars are City Crash Plus tested to Volkswagen's strict standards and serve as the ideal basis for roof attachments such as ladder holders and high bracket kits. This means that long objects can also be securely transported on the roof. The roof bars are precisely adapted to the vehicle and can be locked to prevent theft. A torque wrench is also included.

Door Wind Deflector.

Door wind deflectors for the front and side vehicle doors enable optimal aeration and ventilation of the vehicle interior, thus contributing to your driving comfort. They improve the interior climate and allow you to enjoy circulating fresh air even when it is raining or snowing. When the sun is shining, they prevent unpleasant heat build-up in the vehicle interior when the windows are opened to slightly above the lower edge of the wind deflectors.
