	1.5 eHybrid 6sp DSG	eHybrid	Yes	12	0.5	183

¹ Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 01.04.2023. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. Please consult your authorised Volkswagen Van Centre for further information.

RDE2 refers to Real Driving Emissions Step 2.

1 These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. Other factors including Gross Vehicle Weight, trimline, extra equipment, options and accessories (wheels, tyres, etc.) may change vehicle parameters such as the weight, rolling resistance of the tyres and the aerodynamics and thus influence the fuel consumption, CO₂ emissions and driving performance values.

2 Unladen weight includes approximately 90% fuel load and 75kg for driver.

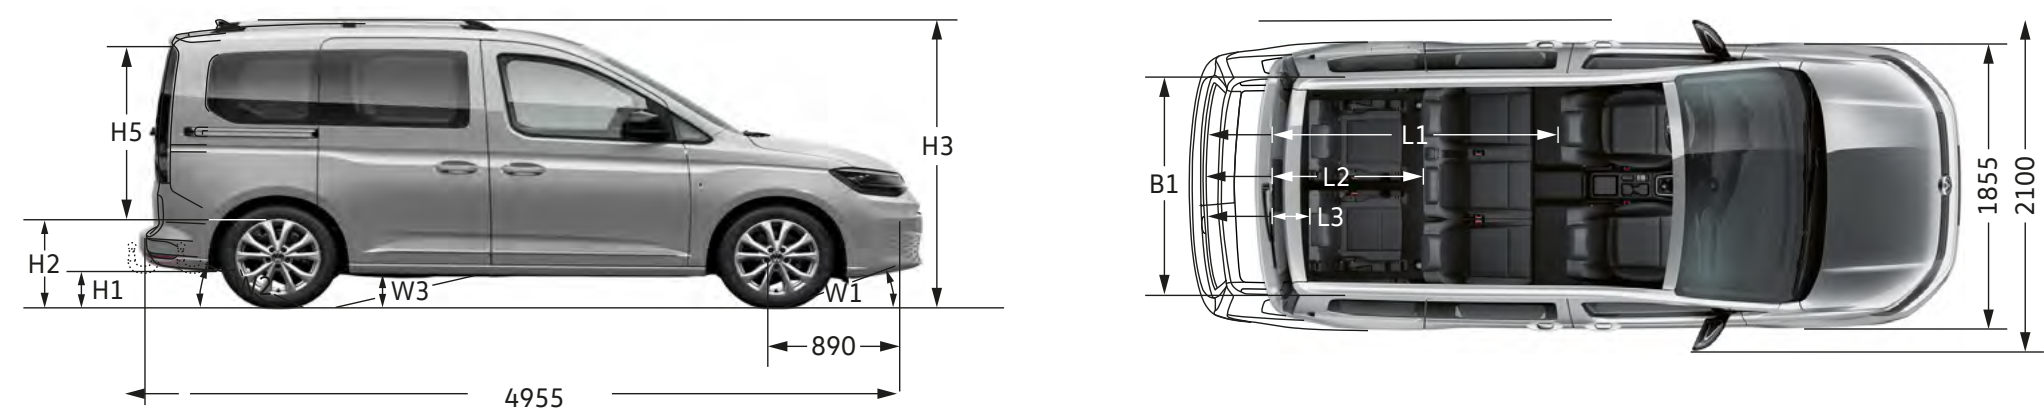

3 Payload = gross vehicle weight minus unladen weight. Quoted weights are for vehicles with standard specification. Unladen weight and payload may be influenced by trimline, factory options and Van Centre fitted accessories. Please contact your local Volkswagen Van Centre for more details.

Roof load limit: 100kg. Trailer nose weight: 80kg.
