

ID BUZZ

**Commercial mobility in a new dimension.** What do you expect from a modern day commercial vehicle? If it's electric drive, sufficient loading space, volume and comfort and convenience for long journeys, then look no further than the ID. Buzz Cargo - the first all-electric van from Volkswagen.

**A revolution in light commercial vehicles.** The ID. Buzz Cargo is a van like no other. The new electric light commercial vehicle makes use of its clever MEB platform to offer vast internal space in a compact body. A low centre of gravity, rear-axle steering and a tight turning circle of just over 12 metres makes it perfect for confined city environments. And all this comes in a stylish, iconic design that's a world away from commercial vehicles of the past.

**Fast charging, zero emissions.** The ID. Buzz Cargo is a zero emissions vehicle, making it a huge step forward in sustainable commercial driving. The battery can be charged to 80% capacity in around 30 minutes using a 185 kW DC fast charging system. It will also charge from any conventional household socket, and from a range of compatible charging stations and wallboxes.

**Built for the future with innovative tech.** Every member of the ID. family is capable of over-the-air updates and the ID. Buzz Cargo is no exception. Software updates for the infotainment, charging and driver assist systems can all be downloaded without the need for a Van Centre visit<sup>1</sup>. Life with the ID. Buzz Cargo is made more relaxing thanks to a broad range of driver assist systems that includes Park Assist Plus with Memory Function, which can automatically manoeuvre the van in and out of parking spaces), and the latest version of Travel Assist, which combines Adaptive Cruise Control and Lane Keep Assist<sup>2</sup>.

<sup>1</sup> To use VW Connect services, you need a Volkswagen ID user account and must log in to VW Connect with your user name and password. A separate We Connect contract or VW Connect Plus contract will also need to be made online with Volkswagen AG. For VWConnect Plus you have 90 days after the handover of the vehicle to register the vehicle on [www.portal.volkswagen-we.com](http://www.portal.volkswagen-we.com) and can use services free during this time.

<sup>2</sup> Within the system's thresholds, and standard on ID. Buzz Commerce Plus. shown is not UK specification

## Standard Equipment ID.Buzz Cargo

### Interior

Seat trim covers in fabric  
Heated front seats  
Illuminated mirrors in sun visors, with airbag label on sun visor and B-pillar

### Disclaimer

From 1st January 2021, vehicle taxation including: Vehicle Road Tax and Vehicle Registration Tax (VRT) is calculated using data from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Reported fuel consumption and emission data as well as driving range data may not correlate with real world driving conditions.

Prices above are based on standard factory specifications. The addition of optional extras may increase the WLTP value of an individual unit, thus increasing the recommended retail price under the 2021 vehicle registration tax calculations which have been determined by the Irish Department of Finance.

Please contact your local authorised Volkswagen Commercial Vehicles dealer for further information on pricing.
