The Grand California

Brochure

The New Grand California 600.

GRAND HOLIDAYS

The new Grand California 600 is the ideal size for a wonderful extended family holiday. With a length of 6.00m and height of 2.97m, it is also compact enough for small camp sites, while also big enough for a family of four with two children. This is thanks to the optional over-cab bed for the little ones.

The New Grand California 680.

GRAND MOMENTS

Follow your instincts, discover new destinations **and make** an unplanned stop at a beautiful location: with the new Grand California 680, you can design your journey any way you want. the 6.8m mobile home has everything you need on board - and plenty of space for an unforgettable experience.

The New Grand California 600.

GRAND HOME

The Highlights

- »» Compact motorhome with multifunctional interior
- »» Transverse bed with space for two adults
- »» Optional over-cab bed with large skylight
- »» Kitchen with gas hob, sink and 70 litre fridge
- »» Air- and water-based heater powered by gas or electricity as required
- »» Various USB, 12V and 230V sockets throughout the interior
- »» Fully equipped wet room with shower and toilet
- »» 110 litre fresh water tank, 90 litre waste water tank

The new Grand California 680.

GRAND HOTEL.

The Highlights

- »» Comfortable motorhome with a sleek, light and airy modern interior
- »» Longitudinal bed with space for two adults
- »» Plenty of storage areas, cabinets and stowage space
- »» Kitchen with gas hob, sink and 70 litre fridge
- »» Air- and water-based heater powered by gas or electricity as required
- »» Various USB, 12V and 230V sockets throughout the interior
- »» Fully equipped wet room with shower and toilet
- »» 110 litre fresh water tank, 90 litre waste water tank

A scenic photograph of two Volkswagen Grand California vans driving on a narrow, winding asphalt road that curves through a lush, green mountain landscape. The van in the foreground is white with a brown lower section, while the one further ahead is blue with a white upper section. Both vans have roof racks and are equipped with side mirrors. The road is bordered by a metal guardrail on the left and a steep, rocky drop-off on the right. The background is filled with dense evergreen forests and misty, rolling hills, creating a sense of adventure and tranquility. In the bottom right corner, there is a semi-transparent white box containing text.

Range. Comfort. Traction.
GRAND TOUR.

Powerful diesel engine with front-wheel drive (not illustrated).
The powerful 177 PS diesel engine with 410 Nm of torque, combined with an 8-speed automatic gearbox has been designed to make effortless progress. Its modern design ensures a refined driving experience and smooth power delivery.

The standard 8-speed automatic gearbox (not illustrated).
The high torque in the new Grand California is transferred to the wheels without almost any interruption of the tractive force. This allows for convenient, fuel-efficient driving, even in stop-and-go urban traffic.

Look forwards. Recognise. Assist.
GRAND PROSPECTS.

Illustration includes options at extra charge.
Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Crosswind Assist.

As part of the Electronic Stabilisation Programme (ESP), the standard Crosswind Assist applies adaptive braking intervention when the vehicle encounters a strong crosswind.

Front Assist with City Emergency Braking System.

Standard on the Grand California, this detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification.

01 Automatic Post-Collision Braking System.

Fitted as standard, the Automatic Post-Collision Braking System triggers braking after a collision, with the aim of preventing secondary collisions.

02 Adaptive Cruise Control (ACC).

Optional ACC uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

Side protection (not illustrated).

Available as an option, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

03 Lane Keeping Assist.¹

Available as an option, Lane Keeping Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

04 Rear Traffic Alert.

Available as an option, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is getting too close. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

05 Park Assist.

This useful option aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the accelerator and brake pedals, whilst keeping a good lookout.

06 Light Assist high-beam assistant.

This practical option automatically dips the headlights when it detects oncoming vehicles, or vehicles travelling ahead, to prevent other drivers from becoming dazzled. The system automatically switches on the high-beam headlights when the vehicle is travelling above 37mph in darkness.

¹ Within the system's thresholds. Please contact your local Volkswagen Commercial Vehicles Centre for details of the standard equipment and optional extras available.

Images shown are for illustration purposes only and may not necessarily reflect Irish specification.

**Electromechanical Servotronic steering.**

Fitted as standard, Electromechanical Servotronic steering provides a speed-sensitive operation with active return. This improves the steering feel around the mid-point, providing improved levels of steering precision.

**Electronic Stabilisation Programme (ESP).**

Fitted as standard, ESP is designed to prevent the vehicle from swerving in critical driving conditions by controlled and targeted intervention in the brakes and engine management system. This helps to maximise directional stability.

**Rear-view camera.¹**

Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio or navigation system. Additional guidelines help the driver manoeuvre into the space. Optional on all models.

**Cruise control.**

At 18mph and above, the system maintains your chosen preset speed through uphill and downhill inclines. Standard on all models.

**Tyre pressure monitoring system.¹**

Displays the current pressure for every tyre and warns of deviations from the set pressure. Optional on all models.

**Driver Alert System.¹**

Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates tiredness. Standard on all models.

**Road Sign Display.**

Detects road signs and informs the driver about the current traffic situation. Optional on all models.

**Fog lights with cornering function.**

Ensures optimum visibility in poor weather conditions and illuminates the roadside when turning. Standard on all models.

**Hill Descent Assist.²**

Allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

**Hill Start Assist.**

This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. Standard on all models.

**Lane Change Assist – Side Scan.¹**

Side Scan displays a warning signal on the exterior mirror as soon as one of its sensors detects a vehicle in a blind spot during a lane change. Optional on all models.

**Anti-lock braking system (ABS).¹**

Prevents wheels from locking up and, thus, maintains manoeuvrability. Standard on all models.

**Traction control system (ASR).**

Prevents wheelspin on poor or unstable surfaces.

**Driver's and front passenger's airbags.**

Provides the best possible protection in the event of a frontal impact as a standard feature. Side airbags are also available as an option.

**Seat belt warning.**

If their seat belt is not fastened, the seat belt warning reminds the driver to fasten it with a visual warning when the engine is started, and an audible warning after setting off. Standard on all models.

¹ Within the system's thresholds.

Illustration includes options at extra cost. Please contact your local Volkswagen Commercial VehiclesCentre for details of the standard equipment and optional extras available.

Stow. Wash. Sleep.
GRAND DREAMS.

Illustrations include options at extra cost.

01

02

03

04

01 Easily accessible storage compartment in the rear. There is plenty of space for storing luggage under the rear bed. Access via the rear wing doors is an extra-handly feature. Illustration shows the Grand California 680.

02 Plate springs for a great night's sleep. The plate springs offer the ideal level of comfort, regardless of what position you sleep in. Illustration shows the Grand California 680.

03 Two large skylights (0.70m x 0.60m) with integrated mosquito nets and blinds. There is one skylight above the rear bed and one at the front over the dining area.

04 Cross-wise rear bed (1.93m* x 1.36m) in the Grand California 600. Comfort is just one of the great features of the compact rear bed. Thanks to the two-part load securing equipment, everything you need for your journey can be stowed securely under the bed while you are on the move. When folded up to the side, it also features a handy loading function.

Length-wise rear bed (2.00m x 1.67m and 1.90m x 1.67m) in the Grand California 680. The spacious rear bed offers plenty of space for sleeping and storage. The bed comes with two lower cabinets and one tall wardrobe. When using the storage space under the bed, the two-piece load securing mechanisms keep everything safely in position. When folded up to the side, it also features a handy loading function.

01

01 Fully equipped wet room with shower, toilet and a whole host of storage areas. The wet room is sure to impress with its well thought-out functional design. For instance, the basin can be folded up while you are using the shower or toilet. All your bits and pieces are secured on the shelves to stop them from falling down. The folding mirror can be secured in place. The motion sensor switches on the indirect lighting and vanity lights automatically. There is also a quadruple storage solution for towels. And to protect the wet room from overflowing water, it comes with two drains including a dirt trap and odour trap.

02 Optional over-cab bed (1.60m–1.90m x 1.22m) with larger skylight (0.70m x 0.85m), aluminium ladder and two reading lights in the Grand California 600. It can hold up to 150kg of weight and ample space for two children. The slatted base can be pulled out at the touch of a button and the optional over-cab bed includes a larger skylight with mosquito nets and blinds.

02

Heat. Control. Feel at home.
GRAND ELECTRICS.

01 | 02

01 Optional satellite system for TV reception. The satellite aerial can be extended or retracted automatically.

02 Optional solar panel on the vehicle roof. The Grand California 600 comes with a 104W system at the front of the roof, while a 174W system is mounted in the middle of the roof on the Grand California 680. Both systems supply the second battery and help it to remain self-sufficient depending on how strong the sun is.

Optional roof-mounted air conditioning system (2,200W cooling output) (not illustrated). The lightweight, compact system is designed to be operated with an external source of power.

03 Retractable step, electrically operated. The step slides out automatically when the side sliding door is opened and retracts when the door is closed.

Water- and air-based heater with gas and mains electric operation (not illustrated). Five air vents evenly spread the warm air generated by the 6kW system throughout the interior. The system also stores 10 litres of warm water for the kitchen and wet room.

Heating and water heating (not illustrated). This can be optionally upgraded to run on diesel and electric. This means that only one gas bottle is needed which saves weight.

03

Illustrations include options at extra cost.

01 Central operating unit with touch pad for monitoring and controlling the heater, water supply and batteries.

A convenient way to adjust and control everything that makes modern camping so great.

02 Six USB sockets for charging smartphones, tablets and laptops. The dining area and sleeping area come with two USB sockets each – two more sockets are also accessible from the outside when the sliding door is open.

Four 230V and one 12V socket (not illustrated). There are two 230V sockets in the kitchen, one under the seating bench in the dining area and one in the rear.

03 Lighting in the interior. The main light above the upper cabinets, a working light above the kitchen and dining area lighting create a homely feel. Illustration shows the Grand California 680.

Optional background lighting on the upper cabinets (not illustrated). The multi-coloured LED lighting strip is controlled on the central operating unit. Users can adjust the colour, brightness level and activation.

04 Optional Wi-Fi via LTE hotspot router. Generates a wireless LAN hotspot in the vehicle for use by external devices. A data SIM is required.

Illustrations include options at extra cost.

Navigate. Chill out. Expand your mind. GRAND DRIVING COMFORT.

01 Leather trimmed multi-function steering wheel, with heating function. It is comfortable to touch and extremely user friendly. The radio or navigation system, a mobile phone, and the cruise control system can all be controlled using its buttons.

02 Climatic air conditioning. This system provides your required cabin temperature quickly and efficiently, while maintaining your selected temperature.

03 Composition Colour radio system. Fitted as standard, the Composition Colourradio system features a 6.5 inch TFT touch-screen colour display, two USB (type-C) ports, Bluetooth®, SD card slot and four speakers delivering 20 watt output. It also features App-Connect, an integrated eSIM and mobile online services as part of We Connect and We Connect Plus.

04 Multi-function display plus. The monochrome TFT screen displays up-to-the-minute information such as the outside temperature, range, and fuel consumption. It can also be used to operate the driver assist systems and vehicle functions.

Standard Equipment

600 / 680

Cooking & Dining

Bench seat for 2 adults with 3-point belt
Seat trim covers in fabric "Valley"
Dining Table
Kitchen Storage Cabinets
70L Refrigorator incl. Freezer Compartment
Gas Cooker (2-Flame)
Sink with Tilttable Armature
Tilttable outdoor Shevles
Mosquito Net for Sliding Doors
Folding Chairs X2 with Pop up table
110L Fresh Water Tank
90L Waste Water Tank

Bathroom

Shower (water tap / shower sprinkler)
Toilet
Tilttable Washbasin
Mirror Cabinet
Shevles with fall protection
Cabinet with intergrated Toilet Paper Holder
Foldable Towel Rack
Bathroom Lighting (Basic) w/ mirror light
Roof Hatch for Ventilation
Mushroom Fan above Aisle

Lighting & Electronics

Radio "Composition Media" 6.5" Touch Screen & App Connect
4 Speakers, 2 Tweeters, 2 Woofers
USB X 4 - 2 Dining / 2 Sleep Compartment
230V of Shore Power from Outside
Climatic Air Conditioning System
Wireless Phone Charger at 2-Seater Bench
Multi-Function Display "Plus"
12V Outlets in Cab X 3
Central Control Unit
Circulating lighting (basic) at upper cabinets
Dimmable reading lights (Sleep / Dining)
Under Cabinet Kitchen Lighting
Load Compartment Lighting
Apron Lighting, side area, Sliding Door
